

Membership Drive for 2017

Your Lake St-Pierre Association is working to improve a growing and pervasive problem – the **eurasian milfoil**. For this reason, your association will focus this year's efforts on what can be done to slow the growth of **eurasian milfoil**. Below is a map of major infestations on our lake. We thank the Municipality and Mayor Laurin for their support in achieving our objectives.

2017 - The year of the weed (Eurasian Milfoil) - What your association plans to do...

- Financial support for the analysis of data (see our report at <http://www.lacstpierre.ca/environ/etude%20myriophylle.pdf>)
- Work with the Fédération des Lacs for the coordination of effort
- Support Agence des Bassins Versants (ABV des 7) – Agency of the 7 Watersheds (see <http://www.abv7.org>) – with Municipality, Fédération des Lacs and Regional Governments, determine the status of invasion and work towards solutions
- Initiate Pilot Programs including jute/burlap, aeration and screening by individual lake members and report results

2016 – The year of the wake boat (accomplished)

- Meetings with the Municipality and wake boat operators and financial support for the Coalition for Sustainable Navigation (coalitionnavigation.ca)
- Important drop of complaints
- Learning to share our lake in a harmonious manner

2015 – The year of the public boat launch monitoring (accomplished)

- Implementation of launch fees
- Traffic on lake decreased, increased revenue to municipality to support boat launch monitoring

2014 – The year of the public launch barrier and improvements (accomplished)

- Meetings with Municipality to reconstruct boat launch
- Handed out educational materials at the public launch
- Begin restricted access to non-Val-des-Monts residents

2013 – The year of the Buoys (accomplished)

- Identify areas most affected.
- Install identification buoys in affected areas
